

LOCAL NOTES

FROM FRIDAY'S DAILY.

Mrs. Chas. A. Randall will leave on Saturday for Santa Barbara, California, to spend the summer.
Elmer D. Williams, of the engineer's department, has gone to Wilcox.
J.C. Herndon and family have gone to their ranch in big China for a few days.
J.M. Sanford of Williams, who is a large owner of property in Prescott is in town.
County Superintendent J.J. Hawkins has made the July appropriation of school money, in which Prescott receives \$300.00 Playstaff \$100.00, and the balance of the district is \$65.00 each.
Hon. Levi Bradford and Mrs. Susan Howard would prove "foemen worthy of the steel" of the democratic party as candidates for any position.
W.G. Stewart was accidentally shot by Deputy Sheriff Francis at Playstaff Tuesday evening. The latter aimed at two escaping prisoners but hit Stewart inflicting a slight flesh wound in the thigh.
The Dades held a meeting to elect a foreman in place of Alvord Aiken elected assistant chief of the fire department. It resulted in the election of Chas. O'Malley assistant, as foreman of the company and Ed Roberts as assistant foreman.
The JOURNAL-MINER took it as a "hint" really, that our contemporary would support its own nominees for delegate, and would have rallied to their support also. But since the mere suggestion aroused angry feelings in its bosom, suppose we will have to go it alone. Hurrah for the editor's own nominees for delegates!

Our special correspondent at Prescott Junction sends the following under date July 9th: "One mile of track is laid to-day. Twenty more teams put to work grading. The line is coming in at the rate of four miles per day. A great many people are gathering in at Prescott Junction. A G. Oliver of Ash Fork is moving here to-day."

FROM SATURDAY'S DAILY.

Weather pleasant.
A glorious rain shower yesterday afternoon.
They call him Lieutenant Leatherstock now.
The largest assortment of low cut shoes at the Lion.
W.J. O'Neil is selling green corn this early in the season.
The supreme court has but little business to transact at its adjourned term held in Tucson.
Preaching at the M.E. church, south, to-morrow at 8 p.m. Sunday school at 10:30 a.m.
There is a reasonable certainty of reduction works being built in Prescott on the completion of the railroad.
I.P. Barnett, a rancher near town, will leave shortly for Oregon or Washington territory in search of a home.
B.C. Miller took his daughter Cora to Los Angeles to-day to place her in a convent school there.
The democratic county central committee to-day decided to call their primaries for the 29th of August and the county convention Sept. 13th.

The JOURNAL-MINER "was the first to announce the completion of the first mile of track on the Arizona Central railroad." Sub!
Recent rains have started vegetation in fine shape, while the lightning has purified the atmosphere.
The Ash Fork telegraph office has a new operator, who, it is hoped, will attend to business more promptly than his predecessor.
B.H. Bowen, who was severely cut recently by Robert Stringfield, has recovered sufficiently to be able to go home yesterday.
General Kutz, commander of the 8th infantry, has arrived at Tucson with his staff and band will have his headquarters at Fort Lowell.
The Phoenix Gazette gives the insane asylum a good send-off and publishes a tract on the Arizona Central railroad. Sub!

Re-opened have started vegetation in fine shape, while the lightning has purified the atmosphere.

B.H. Bowen, who was severely cut recently by Robert Stringfield, has recovered sufficiently to be able to go home yesterday.
General Kutz, commander of the 8th infantry, has arrived at Tucson with his staff and band will have his headquarters at Fort Lowell.
The Phoenix Gazette gives the insane asylum a good send-off and publishes a tract on the Arizona Central railroad. Sub!

The opinion is the name of a night page, republican, weekly paper which is to make its appearance in Albuquerque to-day with Tom Hughes as editor and G.H. as post manager.
The badge secured by the citizens for the home company making the best record for the year ending March 31st 1909, has been received and will be presented this evening by the chief to the foreman of the Toughe.
Remember that Chapel & Smith's, Mail Passenger and Fast Freight from Prescott to Phoenix via Vulture and Wickenburg, will leave on Monday July 12th at 3 p.m. Office at the Williams House restaurant.
The spectacle of a man being led through the streets in a manila drunken condition by his wife, speaks more for the devotion of the latter than for the self-respect of the form.
Regular service has been resumed at the Baptist church and the Sabbath school will meet regularly at 10:30 a.m. and the pastor will preach every Sabbath evening at 8 o'clock. All are cordially invited to attend.
I found it a sure cure. I have been troubled with neuralgic twinges for seven or eight years with a roaring noise in my head. I bought medicine in 15 states but nothing helped me till I procured a bottle of Ely's Cream Balm. In four days I could hear as well as ever. I am cured of the catarrh as well. I consider Ely's Cream Balm the best medicine ever made. —Garrett Widrick, Hastings, N.Y.

An exchange gives the following points to chicken raisers: "When the comb of a fowl is large and bright-colored, showing it to be full of blood, she is a healthy laying condition. With this condition of comb you will discover the utmost activity in your fowls, starting at every sound or movement. The movements are not like a nervous jump, but with an elastic spring, showing a condition of vigorous health. On the contrary, if the edges of the comb and wattles are a purplish red and the movements are sluggish, there is disease and danger."

Twenty tons of the Millin are owned by Milliken and Chambers, is now landed at the mill and will be the next lot worked. Mr. Crow's plan is to work small lots for the different mine owners, thus helping them to grab stakes to further progress their work, and prove up the value of their mine, an encouragement long needed in this locality.
When parties with no other capital but bull dog grit can bring about the above mill results from long condemned mines, what might we expect from capitalists with their improved production works, capable of handling the ore from the thousands of claims now idle within the immediate vicinity of Prescott.

The Citizens announces that "steps are about to be taken to secure the benefits of the law establishing the Territorial University in this city. Tucson now has two active representatives on the board of regents, and they possess the requisite energy to accomplish something. The resignations of one or two of the apathetic members of the board of regents would add to the better organization of the board."

FROM MONDAY'S DAILY:
C.B. Bury was over come by heat in the Salt River valley recently.
The first blackberries of the season appeared in market to-day.
Rev G. H. Adams has gone to Colorado on business.
John Richards is reported to be suffering from the extreme heat in Tucson.
Hon. J. J. Cooper, ex-governor of this territory, returned from a protracted visit east last evening.
Frank and Fredrick Trille Jr. returned last evening from Koster New Hampshire where they have been attending college.
Mr. R.H. Cook, of Prescott, clerk of the Supreme Court, is in this city. He is a gentlemanly and obliging official, and has already made many friends among the Tucson people.—Citizen.

Philip Richardson has just completed a flood gate for the Miller creek dam which will permit of the better channel out and prevent the accumulation of mud in it.
The mercury did not reach over 100 yesterday but the dampness in the atmosphere from surrounding rain made a fellow feel as though it were 100.—Phoenix Herald.

A member of the 10th Cavalry band furnished a knife on Saturday night very threateningly and was taken in by Chief Dade. He was fined \$25.00 to-day by the city recorder.
Wm. Adams, Jr., a former resident of Prescott came in on last night's Ash Fork stage, from California, and will remain a few days in Prescott, where his friends are numbered legion.
The insane asylum lacks a little plumbing to be done yet and the placing of the house in position before being ready for occupancy by the patients. This finished, the board of directors will make a demand on Mr. Clark of the 8th Cavalry for the patients from this territory.
Romaldo Martin, the lessee of the Arizona brewery, received a cargo of hops last evening and will start at once to brewing beer. Mr. Martin has for a long time been connected with the Pacific brewery, and he says that he will turn out a first class quality of beer.
The practice of drinking lemon juice and water before breakfast as a prophylactic against biliousness is rapidly growing in popularity, and many physicians think that the benefit derived from it is more than doubted by taking a similar dose at night also.
Charles Jageneit died in the county hospital yesterday from the effect of drinking ice water. He was engaged in digging a well at the ice factory on Friday and drank freely from the water in the tanks and was taken sick during the night resulting in his death as stated above. Deceased was a native of Prussia aged about 50 years. His funeral took place from A.G. Randall's undertaking rooms this afternoon.

W.O. O'Neil and wife have moved into the Wilkerson residence, in West Prescott. The editorial fraternity of Prescott is now concentrated in that locality. Hoof and Horn and Courier, by this move have become next door neighbors, while the JOURNAL-MINER is only a block away. The city council did wisely in strengthening the Granite street bridge when they did.
County Assessor J. M. More has completed the assessment of property in the county, and turned the roll over to the board of supervisors. The sheriff as ex-officio assessor, has heretofore figured up the roll, but that not being one of the duties prescribed by law on the assessor this year, Mr. More did not figure the aggregate amounts, which according to law will have to be performed by the county treasurer and returned to the board of supervisors on or before the third Monday in August.
"Bill" Berry is a resident of Centennial Camp in Yuma, and is an eccentric character in his way. His eccentricity consists in the keeping of a record of the place. He has at the present time it is said, a very formidable looking book and it contains the name of every traveler through the place for years, where he was going, how long he stopped in Centennial and such other information as he was able to glean. He also keeps a record of the weather taking his observations at 8 o'clock a.m. and 4 o'clock p.m. At the end of each month he figures the average temperature, the rainfall etc. Parties who have seen the book state that it is a rare curiosity. According to Mr. Berry's record the average temperature at Centennial for June was 78 degrees.

LYNN CREEK STORY.
Mr. Paulson took out last week forty dollars from his place claim, which was destroyed. In one instance, however it required claim, at intervals, for an hour or more to "raise" the Ash Fork operator.
The Verde Affair.
Deputy Marshal C. T. Dunaway arrived last night from the Verde, bringing back Leonard and Larry Carroll, who are charged with making a murderous assault on Drum and Brouler, on the 4th instant. The affair having occurred on the military reservation, the preliminary examination will be held before Court Commissioner W. H. McGrew, and was called at 10 o'clock this morning. The United States is represented by Judge Hawkins, in the absence of Assistant U.S. District Attorney Herndon, and the defendants have employed Reah, Wells & Howard for their defense.
A hearing of the case was postponed for two weeks and the defendants were released on \$2,000 bonds. They claim that the act was purely in self defense, that while the young man was away, Drum and Brouler attacked his father, who is 65 years of age, and on returning he came to his defense. Drum, one of the parties injured has the reputation of being quarrelsome, while the Carrolls have lived peacefully in the valley for about twelve years.
Pink Eye.
The pink eye has broken out quite seriously among the horses of the valley. Mr. McCann's stallion, Orphan Boy, is suffering and Mr. Wm. Isaac has had two horses down with it.
The first symptoms are a general stiffness much like founder. When this is observed the animal should be at once given a purgative and turned out to pasture when they generally recover. A few hours driving or work after the stiffness begins to come on may prove fatal.

Charles Jageneit died in the county hospital yesterday from the effect of drinking ice water. He was engaged in digging a well at the ice factory on Friday and drank freely from the water in the tanks and was taken sick during the night resulting in his death as stated above. Deceased was a native of Prussia aged about 50 years. His funeral took place from A.G. Randall's undertaking rooms this afternoon.

W.O. O'Neil and wife have moved into the Wilkerson residence, in West Prescott. The editorial fraternity of Prescott is now concentrated in that locality. Hoof and Horn and Courier, by this move have become next door neighbors, while the JOURNAL-MINER is only a block away. The city council did wisely in strengthening the Granite street bridge when they did.
County Assessor J. M. More has completed the assessment of property in the county, and turned the roll over to the board of supervisors. The sheriff as ex-officio assessor, has heretofore figured up the roll, but that not being one of the duties prescribed by law on the assessor this year, Mr. More did not figure the aggregate amounts, which according to law will have to be performed by the county treasurer and returned to the board of supervisors on or before the third Monday in August.
"Bill" Berry is a resident of Centennial Camp in Yuma, and is an eccentric character in his way. His eccentricity consists in the keeping of a record of the place. He has at the present time it is said, a very formidable looking book and it contains the name of every traveler through the place for years, where he was going, how long he stopped in Centennial and such other information as he was able to glean. He also keeps a record of the weather taking his observations at 8 o'clock a.m. and 4 o'clock p.m. At the end of each month he figures the average temperature, the rainfall etc. Parties who have seen the book state that it is a rare curiosity. According to Mr. Berry's record the average temperature at Centennial for June was 78 degrees.

LYNN CREEK STORY.
Mr. Paulson took out last week forty dollars from his place claim, which was destroyed. In one instance, however it required claim, at intervals, for an hour or more to "raise" the Ash Fork operator.
The Verde Affair.
Deputy Marshal C. T. Dunaway arrived last night from the Verde, bringing back Leonard and Larry Carroll, who are charged with making a murderous assault on Drum and Brouler, on the 4th instant. The affair having occurred on the military reservation, the preliminary examination will be held before Court Commissioner W. H. McGrew, and was called at 10 o'clock this morning. The United States is represented by Judge Hawkins, in the absence of Assistant U.S. District Attorney Herndon, and the defendants have employed Reah, Wells & Howard for their defense.
A hearing of the case was postponed for two weeks and the defendants were released on \$2,000 bonds. They claim that the act was purely in self defense, that while the young man was away, Drum and Brouler attacked his father, who is 65 years of age, and on returning he came to his defense. Drum, one of the parties injured has the reputation of being quarrelsome, while the Carrolls have lived peacefully in the valley for about twelve years.
Pink Eye.
The pink eye has broken out quite seriously among the horses of the valley. Mr. McCann's stallion, Orphan Boy, is suffering and Mr. Wm. Isaac has had two horses down with it.
The first symptoms are a general stiffness much like founder. When this is observed the animal should be at once given a purgative and turned out to pasture when they generally recover. A few hours driving or work after the stiffness begins to come on may prove fatal.

LOCAL NOTES

FROM FRIDAY'S DAILY.
Mrs. Chas. A. Randall will leave on Saturday for Santa Barbara, California, to spend the summer.
Elmer D. Williams, of the engineer's department, has gone to Wilcox.
J.C. Herndon and family have gone to their ranch in big China for a few days.
J.M. Sanford of Williams, who is a large owner of property in Prescott is in town.
County Superintendent J.J. Hawkins has made the July appropriation of school money, in which Prescott receives \$300.00 Playstaff \$100.00, and the balance of the district is \$65.00 each.
Hon. Levi Bradford and Mrs. Susan Howard would prove "foemen worthy of the steel" of the democratic party as candidates for any position.
W.G. Stewart was accidentally shot by Deputy Sheriff Francis at Playstaff Tuesday evening. The latter aimed at two escaping prisoners but hit Stewart inflicting a slight flesh wound in the thigh.
The Dades held a meeting to elect a foreman in place of Alvord Aiken elected assistant chief of the fire department. It resulted in the election of Chas. O'Malley assistant, as foreman of the company and Ed Roberts as assistant foreman.
The JOURNAL-MINER took it as a "hint" really, that our contemporary would support its own nominees for delegate, and would have rallied to their support also. But since the mere suggestion aroused angry feelings in its bosom, suppose we will have to go it alone. Hurrah for the editor's own nominees for delegates!

Our special correspondent at Prescott Junction sends the following under date July 9th: "One mile of track is laid to-day. Twenty more teams put to work grading. The line is coming in at the rate of four miles per day. A great many people are gathering in at Prescott Junction. A G. Oliver of Ash Fork is moving here to-day."

FROM SATURDAY'S DAILY.

Weather pleasant.
A glorious rain shower yesterday afternoon.
They call him Lieutenant Leatherstock now.
The largest assortment of low cut shoes at the Lion.
W.J. O'Neil is selling green corn this early in the season.
The supreme court has but little business to transact at its adjourned term held in Tucson.
Preaching at the M.E. church, south, to-morrow at 8 p.m. Sunday school at 10:30 a.m.
There is a reasonable certainty of reduction works being built in Prescott on the completion of the railroad.
I.P. Barnett, a rancher near town, will leave shortly for Oregon or Washington territory in search of a home.
B.C. Miller took his daughter Cora to Los Angeles to-day to place her in a convent school there.
The democratic county central committee to-day decided to call their primaries for the 29th of August and the county convention Sept. 13th.

The JOURNAL-MINER "was the first to announce the completion of the first mile of track on the Arizona Central railroad." Sub!
Recent rains have started vegetation in fine shape, while the lightning has purified the atmosphere.
The Ash Fork telegraph office has a new operator, who, it is hoped, will attend to business more promptly than his predecessor.
B.H. Bowen, who was severely cut recently by Robert Stringfield, has recovered sufficiently to be able to go home yesterday.
General Kutz, commander of the 8th infantry, has arrived at Tucson with his staff and band will have his headquarters at Fort Lowell.
The Phoenix Gazette gives the insane asylum a good send-off and publishes a tract on the Arizona Central railroad. Sub!

Re-opened have started vegetation in fine shape, while the lightning has purified the atmosphere.

The opinion is the name of a night page, republican, weekly paper which is to make its appearance in Albuquerque to-day with Tom Hughes as editor and G.H. as post manager.
The badge secured by the citizens for the home company making the best record for the year ending March 31st 1909, has been received and will be presented this evening by the chief to the foreman of the Toughe.
Remember that Chapel & Smith's, Mail Passenger and Fast Freight from Prescott to Phoenix via Vulture and Wickenburg, will leave on Monday July 12th at 3 p.m. Office at the Williams House restaurant.
The spectacle of a man being led through the streets in a manila drunken condition by his wife, speaks more for the devotion of the latter than for the self-respect of the form.
Regular service has been resumed at the Baptist church and the Sabbath school will meet regularly at 10:30 a.m. and the pastor will preach every Sabbath evening at 8 o'clock. All are cordially invited to attend.
I found it a sure cure. I have been troubled with neuralgic twinges for seven or eight years with a roaring noise in my head. I bought medicine in 15 states but nothing helped me till I procured a bottle of Ely's Cream Balm. In four days I could hear as well as ever. I am cured of the catarrh as well. I consider Ely's Cream Balm the best medicine ever made. —Garrett Widrick, Hastings, N.Y.

An exchange gives the following points to chicken raisers: "When the comb of a fowl is large and bright-colored, showing it to be full of blood, she is a healthy laying condition. With this condition of comb you will discover the utmost activity in your fowls, starting at every sound or movement. The movements are not like a nervous jump, but with an elastic spring, showing a condition of vigorous
